REMOTE FRONT-END WORDPRESS DEVELOPER

CHESHIRE, UNITED KINGDOM / 078080 19314 / WWW.PIXELBOUTIQUE.CO.UK / LEANNE@PIXELBOUTIQUE.CO.UK

## PROFILE

I'm a self-taught creative coder specialising in Front-end WordPress Development and tech support. Excellent communication skills, and a meticulous work ethic, means no pixel is left unturned. I have an eye for design, and like to express that in the Premade WordPress themes that I design and develop myself.

Currently living in Macclesfield, Cheshire, but as a remote worker, I do move around (*when there is not a deadly virus on the loose*). This has no affect on the quality of my work, as I love what I do, and combining it with my love of travel, only inspires me further.

When I'm not working (or travelling), I like to take long walks in the Peak District, spend time with my family, eat good food, and drink good wine.

## PIXEL BOUTIQUE

DESIGN & DEVELOPMENT STUDIO / OWNER, DESIGNER, DEVELOPER, TECH SUPPORT

Pixel Boutique is my own brand that I started many years ago, but have recently rebranded and made a come back.

I design and develop boutique (premade) WordPress themes that I sell and support online.

Aimed at creatives and entrepreneurs around the world, bringing their brand and passions to life with an aesthetically pleasing and slick functioning website. Focussing on clean, and minimal design and functionality that is timeless and let's the content do all the talking. Responsive and browser compatible development that is easy to maintain for customers of all technical levels.

**For more information, you can visit the website: [www.pixelboutique.co.uk](http://www.pixelboutique.co.uk)**

*Please note: The theme shop is currently under going some maintenance, but will be back up and running soon.*

## AGENCY EXPERIENCE

APRIL 2020 - PRESENT / ALCHEMY + AIM / REMOTE WORDPRESS DEVELOPER + TECH SUPPORT

Alchemy + Aim are a New Jersey based design and development studio who I currently contract for on a remote basis.

My main role here is to develop custom WordPress themes to meet clients requirements and needs, ensuring that all builds are responsive, cross-browser compatible, and built with SEO in mind.

Other responsibilities include, but are not limited to:

- WordPress Tech Support
- Communicate and update team members regularly via Slack, email, and/or Basecamp
- Attend team zoom meetings and training where required

JULY 2018 - APRIL 2020 / ATTAIN DESIGN / REMOTE FRONT-END DEVELOPER + TECH SUPPORT

I was employed full time by Attain as a Junior Front-end Developer working on custom WordPress builds, and assisting with tech support on existing Magento sites. This was my first role as a developer, and whilst I started off as a Junior, I quickly got up to speed and was soon the only WP developer within the company, making me the go to for all WordPress sites and queries, pushing me to learn a lot, and fast!

As well as building custom WordPress sites, my other responsibilities included:

- WordPress Tech Support
- Magento Tech Support
- Communicate and update team members regularly via Slack, email, and/or Jira

## OTHER EXPERIENCE

Prior to starting my development career, I worked over 10 years in administration within various office environments.

My roles have included front of house and reception, office administration and Personal Assistant to a Managing Director.

These roles required my to be organised, efficient, and professional. Communication with staff of all levels was of high importance.

My last admin role was for Pontoon Solution (A recruitment agency that is a part of the Adecco Group) as an Operations Support.

This ended in July 2018, after 6 years with the Adecco Group.
